According to the orders issued in G.C., P. & S.D., No. 8275/46, dated 10-11-1952 it is directed that efficier-nt and concientious Govt. servants should not be continued in underdeveloped and backward areas. As R.D. deals with the posting of P.C. and Mamrs. it was thought necessary to have a list of such areas in the State and hence the information was called for from the Collectors and the list on page 3/c. was prepared from the information. As however the Ad Hoc Committee of 1942 has specified the backward and underdeveloped areas, it would be advisable to take those areas into consideration for purposes of transfers as directed in G.C., P. & S.D. referred to above. This will also avoid confusion. If approved, the Political and Services Department might consider the advisability of issuing general orders inviting the attention of all concerned to the underdeveloped and backward Classes areas specified by the Ad Hoc Committee of 1942 and not to those shown in page 3/c.

A list of areas which were declared as backward areas for the purposes of educational and other facilities is enclosed. The list has been based on the recommendations of the Ad-Hoc Committee., 1942. Since then situation has considerably changed and the list need to be reviewed with a view to refixing the areas in the light of the changes which have taken place. You are therefore, requested to review the position since 1942 and recommend only those areas in your district which are, in your opinion, either predominantly inhabited by the Backward Classes or where administrative facilities are so lacking that special efforts to raise them to the level of other areas are necessary. This reference should please be treated as immediate.

DRAFT.

D. O. No.

Sachivalaya,

Bombay 1 June 1955.

Dear Shri Datar,

Could I worry you with one matter which has been causing me some concern? As you know we have in our State several areas predominently inhabited by Scheduled Tribes which have been declared by the President as Scheduled Areas under the Scheduled Areas (Part A States) Order, 1950. This was done in exercise of powers conferred upon the President by paragraph 6(1) of the Fifth Schedule to the Construction. You would have noticed that the poswer of the President in this behalf is unqualified and there seems no restriction placed on him to declare only such areas which contains a sizeable population of Scheduled Tribes as Scheduled Areas. My present concern is with regard to the other backward and undeveloped areas scattered all over the State, which I feel deserve equal if not greater attention than the Scheduled Areas (as now defined). I have in mind particularly the hilly and undeveloped areas of North Kanara, Dharwar, Belgaum, Ratnagiri, Thana, North South canara Kolaba, Kolhapur, etc. I should be anxious to extend to these areas as rapidly as possible the benefit of measures undertaken with Central assistance in the Scheduled Areas. This Obviously cannot be done unless the provisions of para 6(2) of the Fifth Schedule are amended so as to enable the President of amend the orders issued under paragraph 6(1). I am informed by our legal Adviser that this should not be impracticable since clause (2) of paragraph 7 provides that any law amend the area or repeal any of the provisions of the said Schedule shall not be deemed to be an amendment of the Constitution for the purposes of Article 368.

kindly let me know if you agree with this view so that further action may be initiated.

Yours sincerely,
